UNFORTUNATE.

We regret that through a misunderstanding of a remark made by Hon. Caleb Powers in regard to a settlement of money matters, Mr. Jas. B. Howard became involved in a difficulty with Mr. Powers Wednesday evening, in which he struck Powers with an ink bottle. While a painful injury, it is not serious.

We are glad to say that the affair was at once explained and friendly relations resumed between these gentlemen.

FOOT CUT OFF.

A man by the name of Tarrent Callahan attempted to board the C. & O. through freight train, after it was under way, at the depot, on Saturday night. His foot slipped and he fell under the train, having his left foot and ankle crushed.

Dr. E. E. Hume, Dr. John South and Dr. Curtis Johnson amputated the leg between the foot and knee and the man was taken to the King's Daughters Hospital, where he is doing as well as could be expected.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and \$1. Trial bottles free at J. W. Gayle's drug store.

RUMORED PROMOTION.

A rumor is afloat that our former townsman, Col. Ed. P. Bryan, now President of the New York Sub-Ways, has been offered the Presidency of the Southern Pacific Railway at a big salary.

We only hope it is true, as there is nothing too good for Ed. Bryan in the estimation of Frankfort people.

STRUCK GAS.

While drilling a well for water on the farm known as the Bernard Gratz place, near Spring Station, on Friday, at a depth of only 91 feet, Messrs. Butler & Darnell struck a strong flow of natural gas, the gas catching fire and burning in a big stream as high as twenty feet in the air. Not having any arrangements for piping the gas, they endeavored, without success, to extinguish the flow.

FOR A CHILD

who is "not doing well"—the condition occurs now and then with all children.

Scott's emulsion of cod-liver oil is a food that begins to build you up at once—of course it don't show at once.

"Not doing well" means that the child is not getting the good of his food. Not to-day, or this week; it may have been going on for a month; before it begins to show in the child's condition.

You want him to get back to turning his usual food into strength.

You want the food that begins to build up at once.

M'LEAN-TYLER CO.

Columbus play lovers gazed last night upon a drama that was written nearly three hundred years ago by the greatest of all dramatists. They beheld it, moreover, set in reproductions of ancient scenes by Columbus artists and acted by a company that has made its home here during weeks of faithful preparation. The play, "Coriolanus," run with commendable smoothness for a first presentation and merited the cordial applause bestowed upon it. This approbation was vouchsafed not only to Mr. R. D. MacLean, star and producer, Miss Odette Tyler and the company, but to the handsome scenery, painted by M. Arnbruster & Sons, as well. The impersonation was dignified, intelligent and full of virility. Miss Odette Tyler was both pretty and pleasing as Virgilia, and was richly gowned. The careful training of Max Von Mitzel, who staged the production, was manifest in the unusually well executed mob scenes, and Mr. Von Mitzel also distinguished himself by his capable acting. J. H. Rowland, as Cominius; Frank Henning, as Tullus Aufidius, and Mrs. Henry Vaudehoff, as Volturna, all distinguished themselves, while other roles were well assumed. The costumes are new and accurate, and the entire production reflects credit upon the producers and all concerned. Delightful orchestral music was rendered by Director Neddermeyer and his skilled orchestra. "Coriolanus" will be presented a second time on Wednesday night. To-night the bill will be Sheridan's brilliant comedy, "The School for Scandal," with Mr. MacLean as Charles Surface and Miss Tyler as Lady Teazle. The initial production of Shakespeare's historical play, "King John," will be given at a matinee to-morrow, with Mr. MacLean in the little role and Miss Tyler as Lady Constance. The scenery for all these productions is new and pretentious.

This magnificent company will be at the Capital Theatre Thursday, September 12th.

A SHOCKING CALAMITY.

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Wilford, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by J. W. Gayle."

ACCIDENTALLY SHOT.

Mr. Miles L. Wance was wounded by the accidental discharge of a pistol, on Saturday, which he was cleaning. The ball plowed its way through his left hand and the left leg just above the knee. Both wounds were only flesh wounds, and, while painful, are not dangerous.

THE THRUST OF A LANCE

is scarcely more agonizing than the recurrent pains in the abdomen which follow the eating of improper food or too free indulgence in ice water. The immediate cause of cramps and colic is often the distention of the bowels by gas. Quick relief follows the use of Perry Davis' Pain Killer. Careful housekeepers give it the place of honor in the family medicine chest.

We are in receipt of a copy of the very handsome write up of the business interests of Mayville, Ky., by our brother editor, Col. Thos. A. Davis.

HE OWES HIS LIFE TO THE FORETHOUGHT OF A COMPANION.

While on a camping trip in Webster county, Mr. S. I. Stump, of Normantown, W. Va., had a severe attack of bloody flux. He says: "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral—Procure a bottle of this remedy before leaving home. It can be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship, and as such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by J. W. Gayle and South & Longmorn.

I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by J. W. Gayle and South & Longmorn.

Training

Is indispensable to athletic success. In training, much stress is laid upon diet, careful attention to the quantity and quality of the food eaten, with regularity of meals.

That is the secret of strength for every man. No man can be stronger than his stomach. The careless and irregular eating, of business men, causes disease of the stomach and its allied organs of digestion and nutrition. There can be no sound health until these diseases are cured.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and enables the body to be built up into vigorous health by the assimilation of the nutrition extracted from food.

"I was taken with the grippe, which resulted in heart and stomach trouble," writes Mr. T. A. Caudill, of Montand, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his Pierce's Medical Discovery, which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."

Dr. Pierce's Pills cure constipation.

Marvelous Growth of Independent Telephone Service.

In Kentucky 5 years ago hardly 500 independent Telephones were in use, while to-day over 20,000 are doing service.

Five years ago the Capital invested was not much above \$5000 to-day it is nearly \$3,000,000 and is increasing at a rapid rate.

In Kentucky there are 83 independent Telephone Exchanges now in operation and 8 in the course of construction, including Louisville, Shelbyville and Paris in our immediate neighborhood.

On Saturday Aug. 31st the gap was closed at Kentucky river between Lancaster and Nicholasville, making connection between Falmouth, Cynthiana, Georgetown, Owenton, Carrollton, Frankfort, Midway, Versailles, Lawrenceburg, Lexington, Winchester, Owingsville, Mt. Sterling, and surrounding small towns with Lancaster, Danville, Somerset, Stanford, Crab Orchard, C. O. Springs, Mt. Vernon, London, Barbourville, Williamsburg and intermediate points.

There are more than 67,000 independent telephones in service in Ohio, being 20,000 more than the Bell Co. has.

In Indiana there are over 54,000 independent telephones, being more than double the Bell Co's. connections.

Illinois, Michigan and Wisconsin are in about the condition of Kentucky. While the West and East show a marvelous growth and the South a like condition.

The cry of "long distance" which the opposition has made use of so long, will soon be a thing of the past. The Independents are getting "long distance" of their own, as well as the best and most modern equipped exchanges.

THE BURLINGTON SCALIFORNIA EXCURSIONS; PERSONALLY CONDUCTED.

LOST.

On Thursday evening, after 6 o'clock, a small gold watch, with a monogram on the outside of the case, and the owner's full name on the inside of the case. It was probably lost on Shelby street. The finder will be rewarded by leaving same at Auditor's office, or residence of Mr. Finley Shuck, South Side.

FRANKFORT, SEPT. 7, 1901.

FRANKFORT'S OLDEST CITIZEN PASSES AWAY.

On Tuesday night last Mrs. Unetta S. Chiles, widow of the late Walter Carr Chiles, Esq., passed away quietly and peacefully to the home beyond, aged 87 years.

Mrs. Chiles was one of the old time Kentucky ladies, who were an honor to the race and a blessing to the community in which they lived. She was a woman of unusual intelligence and vigor. Her mind maintained its clearness and power to the very last. She was keenly alive to public affairs, and kept thoroughly in touch with passing events.

An earnest, active and vigorous Christian, she was ever ready to speak a word for the Master she so thoroughly believed in and loved. She had been a member of the Christian Church for more than 78 years, and until the infirmities of age pressed upon her, was faithful in attendance upon its services and a worker in the ranks.

Her husband died more than thirty years ago, and she was left to manage her business affairs, which she did with ability and success.

She had a large family of children, but all save two (Dr. E. J. Chiles, of Philadelphia, Penn., and Mrs. Lottie Thomas, of this city), had preceded her to the grave.

The funeral services were conducted by her pastor, Rev. Geo. Darsie, assisted by her nephew, Rev. R. L. McCready, from the family residence, 807 Third street, South Side, on Thursday, after which the remains were laid to rest by the side of her husband in our cemetery.

She was the oldest citizen of this city and went to her long home bearing the respect and admiration to all who knew her.

To the bereft children and grandchildren we tender our sincerest sympathy.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

STOOD DEATH OFF.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malarial, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50 cents at J. W. Gayle's drug store.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and seldom heard of appendicitis, nervous prostration or heart failure. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. South, Longmoor & Co. 42-ly.

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupsful of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.

In each pound package of Arbuckles' Roasted Coffee there is a list of articles. With each package in which the list is found the purchaser has bought a definite part of some article to be selected by him or her from the list, subject only to the condition that the signature on the package is to be cut out and returned to our Notice Dept. You should see this list. Address all communications to

RECKLESS SHOOTING.

On Tuesday last, a youth, about 15 years of age, was passing along Second street, and when near the residence of Mrs. L. B. Longmoor saw a dog trotting along. Without any ado the lad, who had a 22-caliber rifle in his hand, opened fire on the dog, killing it but frightening a lot of people, who were in line with the dog, nearly to death. There were a number of workmen engaged in putting down a granitoid pavement, a lady sitting on her front porch, and a lot of little girls playing along the street, who were all in danger from the reckless shooter. We do not know who the lad was, but he should be looked up and punished for violating the law and thus endangering human lives.

Died—On Sunday evening, August 18, 1901, of consumption, Mrs. A. M. Miles, at her home near Harvieland. She has been failing for almost a year, and no effort was spared to make her comfortable, but He who doeth all things well saw fit to take her away. At Bagdad on Wednesday morning, at 11 a. m., funeral services were conducted by Rev. Mr. Baker, after which her remains were laid to rest in the Bagdad cemetery. She leaves one daughter, Miss Nellie E., a father and two brothers, Messrs. Walter and Oscar Clark, who have lived with her since her husband's death, and many relatives and friends to mourn her demise. Mrs. Miles was a noble, Christian woman, having been a consistent member of the Methodist Church from her girlhood. Our loved sister has gone—has passed from the cares of earth to the joys of heaven. Calmly she sleeps beneath the sod, hands folded, sweetly smiling even in death. No trace of the suffering and agony she so patiently endured. But with sweet resignation to God's holy will, she has soared to fields eternal, resting now in the arms of Him who died so that we might live. Although it is hard to give thee up, yet we would say to the bereaved family to not grieve, for your loss is her eternal gain. We have strewn thy grave with flowers, watered them with tears. Soon, alas! they will fade, but in our hearts thy name and form will ever live. Farewell, and sweet be thy rest, dearest sister, and when death comes may it find us, too, resigned, and in that bright beyond we will clasp glad hands to part no more.

HOW BRIGHT'S DISEASE STARTS.

Indigestion, biliousness, blood poisoned with urea and uric acid (which should have been excreted by the kidneys), rheumatic pains in nerves and joints, causing irritation of the kidneys, then pains over the small of the back, marks sure approach of Bright's Disease. Do not delay taking Foley's Kidney Cure, for it makes the kidneys right.

IN MEMORIAM.

MRS. UNETTA SUTTON CHILES was born in Scott county, two miles from Georgetown, September 29th, 1814, not quite eighty-seven years ago. She was one of twelve children, nine daughters and three sons, eight of whom (seven daughters and one son) attained the average age of more than eighty-four years. The last member of this remarkable family, Mrs. Jonathan Morton, of Liberty, Missouri, still survives at the age of eighty-four. I doubt if many of us ever before knew of a family whose physical vigor and longevity exceeded this.

Mrs. Chiles grew to womanhood in Scott, but the family shortly after, on the death of her father, Col. Wm. Sutton, removed to Shelbyville, where November 10, 1836, at the age of twenty-two, she was married to Mr. Walter Carr Chiles, an honored citizen of Frankfort.

Ever since, her home has been in our little hill-girt city. For nearly sixty-five years she has lived and wrought among our people. I suppose there are not a half dozen people now in our city who were here when she came. We, therefore, mourn to-day one of our oldest neighbors, one of our best and most respected and beloved residents.

Of Mrs. Chiles' nine children but two are living. Mr. Edward J. Chiles, of Philadelphia, and Mrs. S. A. Thomas, of this city. She is also survived by ten grandchildren, five grandsons and five granddaughters.

Mrs. Chiles' religious life began in her early years, and grew with her growth and strengthened with her strength. She was baptized when nine years of age by John T. Johnson, that famous evangelist of pioneer times, and had her first membership in the old Berea Church, five miles from Georgetown. Her connection with the Christian Church of Frankfort dates from her coming to our city to live. She has always been a most intelligent believer in Christ, and a most loyal adherent of his cause. Her Christian faith was her constant solace and support during all the vicissitudes of her long and toilsome pilgrimage, and her triumph when the last hour came.

Some twenty-four years ago, by reason of a fall, she became disabled, and in consequence has been confined to her house, and almost to her room and chair ever since. Her sufferings by reason of this unfortunate accident have been great, though borne with unceasing patience.

Twenty-seven years ago her husband, a worthy officer of the church for many years, a successful merchant of our city, a high-minded man and an earnest Christian, passed to his reward, leaving her to bear alone the heavy responsibilities of life. But how bravely, how cheerfully and how successfully she has borne them, all of us know.

Mrs. Chiles was in many ways a wonderful woman. She had great force of character and great independence of mind. She formed her own judgments of persons and things, and confidently relied on

them. She did her own thinking, and always acted as she thought. There was nothing neutral about her. You always knew where to find her. She was a positive, out and out character. And there was no deceit in her. She would say nothing behind your back that she would not say to your face. She was the soul of frankness and honesty. And while to some, who did not know her well, she may have seemed rather stern of spirit, to those who knew her best she was the embodiment of love and tenderness.

Usefulness was a prominent feature of her life. She loved to do for others, and always thought of herself last. And a truer friend no one ever had.

What boundless energy was hers, and what unceasing industry. And that, too, down to the very end of her life. She had no years of dotage or of second childhood, and nothing approaching it. When I last talked with her, some two or three weeks ago, I thought I never saw her brighter or cheerier. And as ever, when I have called to see her during all these twenty-five years, her hands were busy with some useful work.

I think she went as she would have wished to go, without any failing of her powers, before she had become a helpless burden, and her interest and satisfaction of living had passed away.

In a word, she was a great woman, and we shall not soon look upon her like again.

To me she was a loving, confidential friend, and my heart mourns to-day with all those bereaved ones. She lies in yonder casket, beautiful in death, but her ransomed spirit, out of pain and out of prison, now basks in the sunshine of God's presence, and has already, we trust, joined in glad reunion with the loved and lost.

God comfort the sorrowing son and daughter, the grandchildren, and all the kindred, connections and friends, who feel that earth is poorer without her, and to whom her passing brings sore and irreparable loss.

And may they find their comfort in the sure promises of God, in which she trusted so long and so implicitly, and specially in that precious promise which says: "I heard a voice from heaven saying unto me, write, blessed are the dead which die in the Lord, from henceforth, yea, saith the Spirit, that they may rest from their labors, and their works do follow them." G. D.

HAWKINS—At the King's Daughters Hospital, on Monday morning, Mr. James B. Hawkins, aged 55 years.

Mr. Hawkins was a genial, wholesome, yet retiring gentleman, who had a host of friends all over the State. He was a brave soldier in the Confederate army, yet tolerant for all who differed from him.

For a long time he was Assistant State Treasurer, and faithfully performed his duties in every way.

He leaves two daughters—Misses Lucille and Lena—and a large circle of friends to mourn his death.

The funeral took place on Tuesday morning from the Chapel in the Cemetery, and the remains were placed in the family lot in the cemetery.

ACTIVITY.

Great Exposition in Hands of Car- and Decorator.

At the exposition buildings on the central group containing the Second Cincinnati Fall Festival, are just now a scene of life and animation in every department. A hundred or more carpenters are sitting up booths and stands and arranging for the elaborate displays; representatives from the great machine tools concerns are busy laying out the location for their co-operation exhibit in North Hall, which, by the way, will be the greatest of its kind ever seen; the Southern Railroad Company's material for their display is just being received. The representatives of this road will have a very fine display taking the space which was last year occupied by the Filipino relic exhibit.

The building is being laid out by the gentry formerly occupied by the Technical school in the North wing; this immense department will be devoted principally to the Government display and is to be finished this week.

If the Exposition departments more space is allotted now, three weeks before the Festival, than was taken last year when the Festival opened.

A number of outside concerns attracted by the size and importance of this year's Fall Festival are taking space and arranging for splendid displays. The Exposition department of the Second Fall Festival which opens September 16th and closes September 28th, will be more elaborate and comprehensive than any of the great Industrial Expositions of the 80's.

BEHNSON VALLEY.

Rev. Thos. Lennox will hold a meeting a Choateville Saturday, at 8 o'clock p. m., for the special benefit of the church officers. He will also preach Sunday morning at the usual hour, 11 a. m.

Mr. Henry Spalding and family, of Antioch neighborhood, made a visit to the Frankfort Cemetery last Sunday afternoon.

Miss Mattie Conway, of Frankfort, visited friends on Benson Saturday and Sunday.

We wish to compliment Mr. Nevill Collins and Mr. Iron Clipper for the grand improvements made on the pike bridge crossing Big Benson. They have this week finished the painting, and the bridge is a beauty. We must say it is a very neat piece of work. There are but few people who are able to accomplish such a piece of work as this.

Mr. Scantling, of Frankfort, called on Miss Sarah Sudduth Wednesday evening.

Miss Rosa Quire, accompanied by Mr. Church Dennis, visited her parents last Sunday, who live at Harvieland.

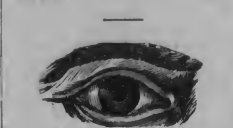

Miss Annie Smith says there is no other cure that can fill the place of the Lennox, and that she uses it altogether. Now we wonder what motive she has in using so much Lennox soap? It is made out of very strong lye, and will sure get the best of you, if you are not careful.

LILY OF THE VALLEY.

By Special Request Dr.

Goldstein Will Return

Sept. 7, and can be consulted at the Capital Hotel During His Stay Here.

Having had many years experience with a large practice all over the State, he is enabled to relieve those persons having any ailment of the eyes coming pain and imperfect sight. The Doctor will examine your eyes and fit them with perfect glasses.

In all cases of imperfect vision and headache caused thereby, a perfect spectacle will give relief. To eyes tired, weak, painful, dimmed or blurred, they offer a strengthening rest and treatment. In other words, remove the cause of the difficulty, and the eyes will have their original brightness, beauty and health. It requires professional guidance even when the best article is offered, as the eyes are frequently dissimilar, and many require compound lenses.

The Fable Lenses are the most highly esteemed of any used in spectacles resulting from the hardness of the material, their transparency, and more than all to the fact that they are accurately ground. To fully appreciate the importance of using the spectacles with perfect lenses, it is but necessary to state the fact that of the lenses used in spectacles all but a very small per cent, are NOT GROUND but merely moulded or pressed into form, and are very injurious to the eyes.

We distinguish between faults of accommodation and refraction. The latter is inherent in the form of the eye, the former belongs to the performance of the function. Both are frequently mingled in the same case, but each can be distinguished from the other. Errors in the form of the eye are as follows: Its axis is too short (Hyperopia); its axis is too long (Myopia); its cornea are not symmetrical, or the composition of its refractive media is not uniform (Astigmatism).

The last mentioned error may be combined with either of the two preceding. Many persons use glasses of too great a refractive power or too strong a magnifying power, supposing they see better, or to economize that they get not hold the type so far away from them. In so short a time, this is entirely a mistake. As this causes the ciliary muscles to relax, causes a hardening of the Crystalline Lens, and you will have to change for still stronger Lenses in rapid succession and lose the power of accommodation, or lose the power to adjust your eyes to different distances, consequently you will have to wear glasses for near and distant vision. This can be avoided by using spectacles of proper focal power.

Dr. Goldstein knowing how ignorant the average person is of the laws of nature, and the permanent injuries resulting therefrom, and the oftentimes good results growing out of remedying people of what they already know, desires to benefit them as well as himself.

President Assassinated!

**In the Pan-American Exposition at Buffalo, New
York, Yesterday Afternoon.**

Buffalo, N. Y., Sept. 6—

President William McKinley was shot twice by an assassin, once in the chest and once in the abdomen, while in the Music Hall of the Pan-American Exposition, in this city, this afternoon, and is now lying in a critical condition in the hospital upon the Exposition grounds. His wounds are considered fatal.

An Anarchist by the name of Fred. Neiman, a Pole, approached the President as if to shake hands, having a pistol concealed in his hand, under a handkerchief, and when the President put out his hand shot him twice. Mr. McKinley calmly bowed to a detective and walked to a chair.

The latest bulletins state that the President will live.
